Website Cookie Policy

TIBURTINI SRL · Doc. 13

The website www.tiburtini.it uses cookies to ensure that the site functions correctly and to improve the online browsing experience. This document provides detailed information on the use of cookies, on how they are used and on how to manage them.

What a cookie is

A cookie is a small text file that is stored by the computer when a website is visited by the user. The text stores information that the site is able to read when it is consulted again at a later time. Some of these cookies are necessary for the site to function correctly, while others are useful because they enable certain services to work.

As regards the nature of cookies, there are several types:

Technical cookies

This type of cookie is strictly necessary for the correct functioning of certain sections of the Site. The technical cookies used by the Controller can be divided into the following sub-categories: session cookies: these are destroyed each time the browser is closed; persistent cookies: once the browser has been closed these are not destroyed but remain until a pre-set expiry date. They are necessary to display the site correctly and, in relation to the technical services offered, they will therefore always be used and sent, unless users change the settings in their browser (thereby impairing the display of the pages of the site).

Analytics cookies

The cookies in this category are used to collect information on the use of the site. This type of cookie collects data in anonymous form on users' activity and on how they arrived at the Site. Analytics cookies are sent by the Site itself or by third-party domains.

Profiling cookies

These are the cookies necessary to create user profiles in order to send advertising messages in line with the preferences expressed by the user within the pages of the Site. No profiling cookies are used on this Site. Cookies for integrating third-party software products and functions. This type of cookie integrates functionalities developed by third parties within the pages of the Site, such as icons and preferences expressed on social networks for the purpose of sharing the site's content, or for the use of third-party software services (such as software for generating maps and other software offering additional services). These cookies are sent by third-party domains and by partner sites that offer their

functionalities within the pages of the Site. In this case the owner of the site acts only as a technical intermediary between the user and those sites.

First-party and third-party cookies

A distinction is also made on the basis of the different party that installs the cookies on the user's device, depending on whether it is the operator of the site that the user is visiting (so-called "first party") or a different site that installs cookies through the first one (so-called "third parties").

Which cookies are used on this site

This site uses cookies that serve to remember the visitor's screen resolution and to set up the site accordingly, so as to improve usability. Only first-party technical cookies are used. Here is the list of these cookies and the link to the individual privacy notices:

Cookie name	Domain	Description	Duration
elementor	.tiburtini.it	The site's WordPress theme uses this cookie. It allows the owner of the website to implement or modify the content of the website in real time.	never
wpEmojiSettingsSupports	.tiburtini.it	WordPress sets this cookie when a user interacts with emojis on a WordPress site. It helps to determine whether the user's browser can display emojis correctly.	session

Disabling or managing cookies

If you do not want one or more of these cookies to be loaded onto your PC, follow the instructions below on how to do so in the various browsers:

- Google Chrome: https://support.google.com/chrome/answer/95647?hl=it&topic=14666&ctx=topic
- Mozilla Firefox: https://support.mozilla.org/it/kb/Attivare%20e%20disattivare%20i%20cookie
- Internet Explorer: https://support.microsoft.com/it-it/help/17442/windows-internet-explorer-delete-manage-cookies
- Safari: http://docs.info.apple.com/article.html?path=Safari/5.0/en/11471.html

Changes to this policy

This Policy may be subject to change. You are therefore advised to check the privacy section of this site regularly.
